

## PENSION ON 3-4-2020

Pension for March every year is credited in April only, being new financial year. April 1 is a Bank holiday for accounting purpose. This year, April 2 is also a holiday on account of Rama Navmi. Hence, in most of the cases, pension will be credited only on 3-4-2020.

So, **please care your spending**. In these COVID DAYS, all of us must be more careful in spending. Purchase only essential items. Do not hoard groceries. This is an extra ordinary situation. We must cooperate with all efforts to combat it.

Pensioners, **please do not go out**. We must not allow the Stage 3 situation emerge. Many state governments have made arrangements for supply of essential items through online system. Remain in the house and purchase groceries and vegetables online. **Learn how to do it**.

Think of lakhs of daily waged workers in Delhi, Mumbai etc. going back to their villages in UP, Rajasthan, Bihar etc. They have no job, no wages, no place to live in. Despite lockdown, they are moving in thousands. **We are better**.

Our Nation is facing a very serious crisis. As senior citizens, as matured persons, we must behave with utmost responsibility.

**We shall overcome the crisis. We must.**
